INTRODUCING THE 14w EDUCATION NOTEBOOK WITH WINDOWS 10 FOR EDUCATORS EVERYWHERE.

Teachers need tech too. That’s why the new 14w Education Notebook was made with every teacher in mind. From its smart, sleek design to its invaluable features and easy-to-use interface, the 14w is the perfect classroom companion. With access to the Windows 10 platform and apps like Microsoft Teams, teachers can create a digital learning hub, so students stay connected to their schoolwork and peers in class, at home, and even on weekends. The 14w also boasts a 720p front-facing webcam with dual microphones, a useful accessory when it comes to getting students to engage in their studies. And let’s not forget its durable design —the 14w is built to handle the most common classroom mishaps. All-in, this one-of-a-kind Notebook can empower your educators to inspire and achieve more.

HEAD OF THE CLASS The 14w is the smart, simple tech sidekick your teachers have been waiting for. Its touchscreen capabilities and friendly Windows 10 interface make managing lesson plans and homework more efficient than ever before. Plus, its 720p front-facing webcam with dual microphones is ideal for small class projects and presentations. With this versatile Notebook, your teachers can foster an inspiring learning environment all year long.

BETTER APPS & BETTER BATTERY Designed to eliminate tech-stress, the 14w delivers the features, speed and performance needed to help educate tomorrow’s bright minds. With 11 hours* of battery life, the 14w will last from the first bell till the final paper is graded. In addition, teachers benefit from access to thousands of popular education apps in the Microsoft App Store, so they can create a curriculum their students will love.

SLEEK & STURDY The 14w brings the “wow” when it comes to smart, stylish teacher tech. It delivers a sleek, clean and modern design chock-full of the best innovative features. Pair all that with its water-resistant keyboard and anti-peel keys, and you have a premium PC sturdy enough to handle any classroom catastrophe.
