

Carrier 30 Cart™

Charge, store, secure and transport up to 30 devices.

-  **Efficient charging.** The Carrier 30 Cart is capable of charging up to 30 mobile devices simultaneously, including Chromebook, Surface Pro, Macbook, iPad and other Tablets.
-  **Large Baskets by PC Locs** make device deployments faster and safer, so that Teachers and IT Administrators can focus on creating an engaging learning environment.
-  **Compatible.** Larger Baskets by PC Locs are designed to accommodate almost any device, including larger Chromebooks, 13" Macbooks as well as most Tablets with or without cases.¹
-  **Style meets functionality.** The Carrier 30 Cart features a soft closing lid, so that the devices can be accessed from multiple sides and by more than one person at a time.
-  **Secure.** Lock the sliding lids and attach the heavy duty anchor kit to secure the Cart while it's not in use.
-  **Lifetime warranty.** Schools can be tough on Carts. PC Locs Carts are built to last.²

It just makes life easier.

Are your devices too big for the Baskets? The Carrier 30 Cart features a three level adjusting storage shelf. This allows users to insert the optional device storage racks into the Cart's storage area (which replaces the Baskets by PC Locs). The storage racks are designed to accommodate larger devices. Contact us for more details.

Safe, efficient and a future proofed power management system for charging 30 devices at once. How? ECO Safe Charge™ can handle the power requirements of almost any device by staging the availability of power to each bank of devices.

Secure soft closing, sliding lid for storing up to 30 Chromebook™, Tablet or iPad® devices and the Carry Baskets that they are stored in.

Cable management system. The Carrier 30 Cart features a center channel system which holds all the cables in place, making it neater and easier to set up.

Baskets Ecosystem. Get the most out of your set of mobile devices and share them with more users than ever before. PC Locs' Basket ecosystem allows you to distribute more devices faster and without having to push the Cart to where devices are needed. You can also interchange Baskets with different Carrier Range products.

Modular syncing (optional). Think you may need syncing functionality in the future? Don't buy a new Cart... purchase the hand held iQ 16 Sync Charge Box which allows you to carry the unit where syncing is required (sold separately) Contact us for more details.

Highly Secure. Two-point locking system to lock away the devices in the storage area, whilst the anchor kit locks down the whole Cart.
