

# Everybody deserves Sennheiser Sound

Culture™ headset - SC 60 USB ML

## SC 60 USB ML

Because it increases productivity

SC 60 USB ML is a deployment-friendly, dual-sided wideband headset certified for Skype for Business. With integrated call control unit and USB connector the SC 60 USB ML offers great functionality and convenience with the added benefit of Sennheiser stereo sound.

SC 60 USB ML is specifically designed for the Unified Communications market, where Sennheiser HD voice clarity and maximum call-handling flexibility can make a genuine difference to productivity.

### Features and Benefits:

- Certified for Skype for Business – with integrated call control and USB connector
- Sennheiser HD voice clarity – wideband sound for a natural listening experience
- Noise canceling microphone – makes speech transmission crystal-clear and suppresses ambient noise in offices
- Dual-sided wearing style – for stereo HD sound reproduction even in noisy environments
- High-Comfort – large ear pads in an ultra lightweight headset for relaxed wearing
- Solid construction – crafted with look and feel in mind
- Bendable boom arm – ensures microphone position is always optimal. Cannot be twisted out of position
- ActiveGard™ – technology protects you from acoustic shock and sudden sound surges
- Peace of mind – 2-year international warranty

## Product Information

<b>Product name</b>	<b>SC 60 USB ML</b>
<b>Art. No.</b>	504547

## Experience Sennheiser

Perfection is always relative: Users have different expectations from their headsets and speakerphones depending on their needs. For professional users, that need is to communicate as effectively as possible.

With Sennheiser's range of headsets and speakerphones, the combination of Sennheiser sound leadership, quality design and build – and a focus on real life usability – give the best performance possible in offices, call centers and Unified Communications environments.

Please visit us at: [www.sennheiser.com/cco](http://www.sennheiser.com/cco)

Sennheiser is one of the world's leading manufacturers of headphones, microphones, wireless transmission systems and high-quality headsets and speakerphones for both business and entertainment.

Drawing on the electro acoustics expertise of Sennheiser and the leading hearing healthcare specialist William Demant, Sennheiser Communications' wireless and wired headsets for contact centers, offices and Unified Communications professionals are the result of Sennheiser's and William Demant's joint leadership in sound quality, design, wearing comfort and hearing protection.
